Technical Talk:

An Overview of Hong Kong's First Express Rail Link Project

Date, Time & Venue

26 June 2012 (Tuesday): 6:00pm (Networking), 7:00pm (Start of Seminar)

The Australian Consulate General, Hong Kong, "The Wombat Hole" 24/F Harbour Centre,
25 Harbour Road, Wanchai, Hong Kong

Programme Highlights

This technical talk will present an overview of the design and construction of the Guangzhou-Shenzhen-HK Express Rail Link (Hong Kong Section) Project currently being undertaken by the MTR Corporation. The Hong Kong Section of the Express Rail Link is twenty-six kilometers in length and operates in its own dedicated tunnels which are constructed by TBM and the Drill & Blast Method. The railway is designed to operate at two hundred kilometers per hour. In addition to its terminus, located in the core area of West Kowloon, stabling sidings are located at Shek Kong.

Speaker: Mr. FUNG Wai Chung

Fung Wai Chung is a Senior Engineer in the MTR Express Rail Link Project responsible for the liaison and public consultations of the Guangzhou-Shenzhen-HK Express Rail Link (Hong Kong Section) Project. He is a chartered builder and surveyor who has achieved twenty five years experience in engineering practice with an emphasis on railway works. Mr Fung has been based in Hong Kong and employed by MTR Corporation since 1992 and he has worked on the Kowloon Southern Link, Ma On Shan Railway, Tseung Kwan O Extension and the Lantau and Airport Railway Projects.

Special Highlights

Two free soft drinks or beers will be served during the event to the Engineers Australia members who are present at the technical talk.

Continuing Professional Development (CPD)

Attending Engineers Australia members will be issued with a certificate acknowledging 1.5 hours of CPD.

Registration & Enquiries

The seminar is free of charge. Please complete and return this form to Simon FAN by email: info@ieausthk.org or FAX: **2430 9080** by Friday 22 June 2012. For enquiries, please contact Simon FAN on 9351 4963.
