

CEO and National President Visit to Hong Kong, Thursday, 17th January 2019

Engineers Australia's CEO Peter McIntyre, and National President, The Hon. Trish White will be visiting our Asia Chapters from 14th January - 18th January 2019.

As part of this annual visit to Malaysia, Singapore and Hong Kong, the CEO and National President will be meeting with members to provide updates on the current direction of Engineers Australia, the engineering profession in Australia, and Engineers Australia's Centenary celebrations.

About our CEO and National President

**Peter McIntyre | BSc BC(HONS) MBA FIEAust CPEng EngExec
NER APEC Engineer IntPE(Aus) FAIE FAICD**

Peter was appointed as CEO of Engineers Australia in July 2017. He has been a Board Director with TasNetworks since November 2016. Peter was previously employed at TransGrid, where he served as its Managing Director for six years. Prior to that he held several executive positions there, with responsibilities including regulatory strategy, revenue reset, customer engagement, asset management, network planning and system operations.

Peter is a past Deputy Chairman of the Energy Networks Association, past Chairman of Grid Australia and past Deputy Chairman of the Australian Power Institute.

Peter holds a BSc in physics and a BE (Hons) in electrical engineering from UNSW and an MBA in technology management from Deakin University. Peter is a Fellow of Engineers Australia and has been an Engineers Australia member for 34 years. He is a Chartered Professional Engineer and Engineering Executive. He is a Fellow of the Australian Institute of Company Directors and the Australian Institute of Energy.

**The Hon Trish White | FIEAust CPEng EngExec NER APEC
Engineer IntPE(Aus)**

Hon Trish White is a Fellow of Engineers Australia in the Information, Telecommunications and Electronics Engineering College.

Trish holds electrical engineering and arts degrees from Queensland University, and is a Member of the College of Leadership and Management. She is an executive director of professional services and business advisory firm, Slingsby Taylor, and provides advisory services to boards and executives of both commercial and not-for-profit organisations.

Formerly, Trish was Executive Strategic Advisor for an ASX-50 engineering services firm, working in the global resources and energy industries. That followed a career as a cabinet minister in the South Australian government, where she served in the infrastructure, development, transport, science and education portfolios.

Previously, her career had been in applied research with the Defence Science and Technology Organisation and prior to that, she managed national infrastructure projects in Canberra.

Trish is an experienced professional company director, having served on the boards of several large Australian companies. She is a Fellow of the Australian Institute of Company Directors.
