# Engineers Australia Update Session : Hong Kong

Information sharing session from  
Engineers Australia Registrar

**Hear the latest updates from Glen Crawley, Registrar of Engineers Australia in this information sharing session.**

## OVERVIEW

Engineers Australia as a peak profession body is the trusted voice of the profession. We are the global home for engineering professionals renowned as leaders in shaping a sustainable world.

In 2019 Engineers Australia celebrates its Centenary, this is a significant milestone for our organisation and a chance to stress the critical role engineering plays in the lives of all Australians. A centenary is time to take stock. To look back and marvel at our accomplishments. Engineers have helped transform the world: who in 1919 would've imagined where technology would be today

Glen Crawley, Registrar of Engineers Australia will be in Hong Kong to share the latest updates on EA, Chartered and EngExec. Come, listen and ask questions about Engineers Australia. Don't miss this opportunity.
