

Technical Visit to MTR Ho Tung Lau Depot

Date: 12 March 2011 (Saturday)

Time: 9:00 am to 11:30 pm (approx)

No. of Participants: 30 (Maximum)

Transportation & Meeting Point: Attendees should make their own arrangements to travel to the site by MTR to Fo Tan Station (Exit D – Assembly point). We shall then have a short walk from the MTR station to Ho Tong Lau Depot. Attendees should arrive at the assembly point at 9:00 am sharp.

PROGRAMME HIGHLIGHTS

MTR Ho Tung Lau Depot is a Rolling Stock Maintenance Centre at Fo Tan Station. It provides maintenance services to the East Rail Line and is a base for the 25kV AC EMU trains operating on the line. The depot has facilities for stabling, cleaning, preventive and corrective maintenance, as well as cranes and jacking facilities for replacement of heavy equipment.

The visit will tour the Depot showing us the world-class mass transit system in rolling stock maintenance and depot management. In this depot, it is equipped with sophisticated systems such Wheel Profile Wear Monitoring System, Underfloor Wheel Lathe, Railcar Lifting Facilities & Train Wash Plant...etc We shall see the efficient maintenance system of the Maintenance Control Centre and its advanced facilities & technologies for the train maintenance. In addition, we can learn the knowledge about the complicated train routing system controlling the daily operation of the trains in and out of the depot. This is one of the vital activities of the depot providing safe, smooth and punctual train services to the customers.

REGISTRATION and ENQUIRY

The number of participants is limited to 30 and applicants will be accepted on a first-come-first served basis. EAHK's decision shall be final.
